

Kudos to golf Cup organizers

Letter

Tuesday, October 02, 2007

Congratulations to Montreal, particularly the West Island: We survived Tiger Fever and the Weir World-Wind.

As a fundraising organization that benefited from this extravaganza, I would like to praise the young American gentlemen from Valet Plus Parking out of Kentucky. They worked long gruelling hours with a bunch of inexperienced, overwhelmed Montrealers to co-ordinate parking for thousands.

To the residents of Dollard and Ile Bizard, thank you for your patience. To occupants of parking lots A-H, thank you for your smiles and kind words. To volunteers on parking lots

A-H, much appreciation for all your efforts. To the people who stole the parking signs, making for much confusion, I hope you have a good place for your souvenirs. To the couple from somewhere in the Commonwealth who ranted about this being a Third World country and then didn't pay for parking, have a good trip back home. To the PGA and the organizers of the Presidents Cup, thank you for this magnificent opportunity.
